MAINTAIN SAFETY

Section 913.5

Equipment operators shall be certain, by signal or other means, that all persons are in the clear before starting or moving equipment.

Section 913.6

When the entire length of a conveyor is visible from the starting switch, the operator shall visually check to make certain that all persons are in the clear before starting the conveyor. When the entire length of the conveyor is not visible from the starting switch, a positive audible warning system shall be installed and operated to warn persons that the conveyor will be started.

Section 913.12

No person shall be permitted to ride a power-driven chain belt or bucket conveyor unless the chain, belt, or conveyor is specifically designed for the transportation of persons.
