## Title 45, Chapter 11

---

August 2020

Volume 21, Number 8

## What If?

**In the event of an emergency, would your mine site be fully prepared?**

**Title 45, Chapter 11, Surface Safety Standards, Section 916 (6) – General rules and Procedures states:**

**“Arrangements shall be made in advance for obtaining emergency medical assistance and transportation for injured persons.”**

### Emergencies to plan for:

1. Medical and/or health emergencies
2. Weather emergencies
3. Serious accidents or fatalities on the mine site
4. Fire and/or explosions
5. Chemical spills and/or release of hazardous materials
6. Incidents involving hostage situations and/or gun violence
7. Earthquakes
8. Interruption of electrical service
9. Widespread illness or pandemic

The above are just a few types of emergencies that could occur on your mine site. There are more that could be site specific.
