# SEE AND BE SEEN!

### *Section 913.5*

Equipment operator shall be certain by signal or other means that all persons are in the clear before starting or moving the equipment.

### *Section 913.8*

Operator's cabs shall be constructed to permit operators to see without difficulty and shall be reasonably comfortable.

### *Section 913.9*

Cab windows shall be of safety glass or equivalent, in good condition, and be kept clean.

### *Section 913.19*

Persons shall not work or pass under the buckets or booms of loaders in operation.

### **Reminder:**

When you are approaching mobile mine equipment, be certain the mobile equipment operator sees you before you continue your approach! Mobile equipment operators should be aware of their surroundings and avoid unpredictable turns, whenever possible.
